

COEX™ ExJB-PSU Stainless Steel Junction Box

The COEX™ ExJB-PSU, which incorporates a power supply unit within the junction box, has been developed to work exclusively with COEX™ camera stations, providing a local low voltage supply and cable termination for hazardous area application. The unique designed coupled with an Ex e mb transformer eliminates the need for an Ex d junction box.

Manufactured from the highest-grade electro-polished 316L stainless steel for maximum corrosion resistance, the COEX™ ExJB range of junction boxes are designed specifically for hazardous area applications.

The ExJB range is unique in its ability to house a transformer without the need for an expensive Ex d junction box, a first for the CCTV industry.

Features

- Ex e mb Increased Safety Rating
- DNV Type Approval
- IP66 Rated
- Electro-polished 316L Stainless Steel, for Maximum Corrosion Resistance
- Enclosed System Ensures High Performance in All Climates

Options

- Lockable Cover Arrangement
- Painted Finish on External Surfaces
- Fusion Splice Organiser
