

# COEX™ MJB Junction Boxes

The COEX™ MJB junction boxes have been developed exclusively to work with COEX™ camera stations for marine and safe area applications

Manufactured from the highest-grade electro-polished 316L stainless steel for maximum corrosion resistance, the COEX™ MJB range of junction boxes are designed specifically to work in conjunction with COEX™ marine camera stations.

These junction boxes can also house Synectics IP and fiber optic transmission modules, which when mounted at ground level provide a maintainable and accessible solution whilst also allowing ease of installation.

## Features

- CSAus
- CSA Canadian
- DNV Type Approval
- NEMA Type 4 Enclosure IP66 Rated
- Electro-polished 316L Stainless Steel, for Maximum Corrosion Resistance
- High Performance in All Climates
