

Hollywood Slots at Bangor Bets On Synectics For Superior Surveillance

“We are delighted to be a part of the expansion at Hollywood Slots at Bangor”

John Katnic

Vice President and Chief Operating Officer
Synectics North America

February 2008

Synectic Systems, Inc. (Synectics), global manufacturer of digital recording systems, industrial cameras, analogue switchers, and award-winning command and control Synergy™ software announces its selection by Penn National Gaming to provide an integrated digital recording surveillance solution for the expansion of Maine’s first gaming facility - Hollywood Slots at Bangor - Penn National Gaming Inc.’s new \$131 million gaming and hotel complex. Hollywood Slots at Bangor chose Synectics for its high quality video, superior user interface, and ability to integrate with a wide variety of other essential systems such as building management,

access controls, point of sale, slot machine management, etc.

Synectics combines superior video quality and the faster frame rate specifically required by gaming surveillance, where excellent picture quality, security of images and evidential value are high priority when selecting a surveillance system. The solution enables security personnel to actively detect and act upon security infractions with easy event-driven access for review and investigation. The Synectics solution also provides a truly scalable and flexible surveillance and recording solution that will easily adapt to future expansion requirements.

About Penn National Gaming

Penn National Gaming owns and operates gaming and racing facilities with a focus on slot machine entertainment. The Company presently operates nineteen facilities in fifteen jurisdictions, including Colorado, Florida, Illinois, Indiana, Iowa, Louisiana, Maine, Mississippi, Missouri, New Jersey, Ohio, Pennsylvania, New Mexico, West Virginia, and Ontario. In aggregate, Penn National’s operated facilities feature over 23,000 slot machines, approximately 400 table games, over 1,731 hotel rooms and approximately 805,000 square feet of gaming floor space.

Synectics designs integrated end-to-end surveillance control systems for the world’s most demanding security environments. We excel at complex projects that require innovative tailored solutions with high reliability and flexibility, specifically for casinos, oil and gas, marine, public space, banking, transport and critical infrastructure applications.

With over 25 years of high security systems experience, field proven products, and expert support personnel in the UK, US, Europe, UAE and Singapore, Synectics offers its clients turnkey networked solutions for comprehensive protection and peace of mind.

Synectics is part of Synectics plc, a global leader in advanced surveillance, security and integration technologies and services.
